# Qualifications in Dance Leadership

Many young people develop a passion for dance at a young age, but there is a significant drop off in participation at secondary school – either due to other commitments, finance or provision within schools. The Dance Leadership qualifications give your students the chance to rediscover their passion for dance whilst also gaining life changing skills and experience.

With physical inactivity being particularly apparent amongst teenage girls, our SCQF Level 4 & 5 Dance Leadership Qualifications are the perfect vehicle to not only engage inactive students, but also give them the platform to develop vital leadership skills and improve their confidence.

Your Dance Leaders can also become advocates for leadership and help engage their peers and younger students. They will also have the skills necessary to help run dance clubs throughout your school to help others become more physically active and engaged.

**We have a range of qualifications which use dance as a basis to learn valuable leadership skills suitable for all abilities. Our SCQF qualifications now sit on the Insight Tool and attract Tariff Points.**
