Develop confident, employable leaders through sport and physical activity

Qualifications in Sports Leadership

Our range of formally recognised leadership qualifications, designed with today's education landscape in mind, are the perfect way to empower your students with the leadership skills that they need in order to succeed.

Your students will learn and hone their skills in communication & leadership and boost their confidence to become more employable and help lead others. In doing so your organisation will benefit from creating a cohort of young leaders who can be role models for other students and improve your organisation's standing in the local community.

Independent research showed 70% of head teachers believed delivering leadership qualifications improved attainment in other subjects.
