FURTHER EDUCATION LEADERSHIP PROGRAMMES

Our range of leadership qualifications help to upskill college students ready for university or employment. By learning to lead others they improve their confidence, develop communication and organisational skills and fill out their CV with impressive volunteering work.

Improve student employability with a cost effective leadership package

Further Education Leadership Programmes

Sports Leaders Further Education Leadership Programmes are a flexible and cost-effective way to empower your students with the skills they need to succeed at university and in the work place. Develop resilient, confident young people.

95% of employers believe soft skills are more important than qualifications.* With qualification from Sports Leaders, learners get both.

By working towards recognised qualifications, learners self-assess and develop their abilities in five key skills: Communication, Teamwork, Self-Management, Self-Belief and Problem Solving, boosting their confidence to become more employable through re-connecting with their communities and encouraging others to lead

After adapting our Qualifications to accommodate changing regulations around Covid-19, now is the perfect time to look ahead to the future and support young people as they re-connect with their communities.

In doing so, your College will benefit from creating a cohort of young leaders who can be role models for other students and improve your college's standing in the local community as a provider of recognised leadership qualifications.

78% of sports leaders said that their qualification and the experience gained helped them get their first job.

What do organisations get from our qualifications?

- A fully regulated and nationally recognised qualification achievement for their learners
- A detailed course programme with extensive resources and learner assessment recorded through Learner Evidence Records
- Use of our Skills Tracker app, allowing tutors to monitor, evaluate and present learner development in our five core skills: Communication, Teamwork, Self-Management, Self-Belief and Problem Solving
- Learner Support Challenges developed to complement your learners' qualifications, adding extra opportunities to build and demonstrate their skills
- Sessions are comprised of a mixture of discussion, exploration and practical learning, delivered through easy-to-use resources suitable for online learning platforms
- An increase in students' social and academic confidence

How do students benefit from our qualifications?

- UCAS: 16 points for Level 3 Qualifications or Personal Statement recognition for Level 2
- A nationally recognised qualification that allows them to gain employment (Level 2 and Level 3)
- Clear evidence of soft-skill development, progression and achievement
- Development of soft skills in demand by employers
- Increased employability due to increased skills and improved CVs
- Opportunities for peer-to-peer learning and development

We have created over 1 million leaders through our qualifications; this is what they had to say about us:

98% improved their communication skills

96% learnt to work in a team

94% believed they were more employable

78% said it helped get their first job

87% inspired to get more people engaged

83% wanted to do more in the community

FE Packages are valid for one academic year (Sports Leaders academic year covers the period from August – July). Packages can be registered in advance of the academic year starting and must be registered by no later than the 30th November in the academic year they relate to.

Learners registered to an SLQ Sports Leaders Qualification as part of an FE Package must be registered learners at the College which has purchased the package for that academic year.

What's the next steps?

Our Development Team will work with you to learn your specific requirements and understand how Leadership Qualifications can benefit your students. Your personal relationship manager will build you a cost-effective package that suits your needs as well as support understanding of how you may fund delivery.

After agreeing the right package for you, we'll support you in setting up as a Centre. You'll need to identify a Centre Course Manager (CCM), Tutor Assessor(s) and Internal Verifier(s). Your CCM will need to attend a short approval webinar and then we'll provide all your team with the training they need to get started - training is free and available to anyone in your Centre.

Once your Centre's team has completed the training, it's over to you (with our help) and you're ready to register your Qualification courses. Find out more about [setting up as a Centre by clicking here](#).

Getting Started

- *Build your package of Qualifications*
- *Identify and appoint your team*
- *Free approval webinar and training for your Centre staff*
- *Register your courses online*
